#### Fish and Fishing

8. Tournament boats shall fish in "open to public" waters only.

9. All state rules regarding fishing will be observed unless the tournament director specifies more stringent regulations. Only those fish caught on hook and line in a normal and usual manner will be accepted. No more than 2 poles/lines per contestant. Live bait and artificial lures are permissible. Entrants must possess applicable state fishing licenses.

10. Walleye, sauger and/or saugeye are eligible. The minimum length (if applicable) of eligible fish will be set by the sanctioned tournaments.

11. All fish weighed must be kept and carried in aerated live wells to keep fish alive and as fresh as possible for release. Any fish mauled, mashed, frozen, stringered, injected with water or other fluids, containing foreign matter to add weight or showing white gills, soft flesh, eyes, may result in disqualification at the discretion of the tournament director.

12. Each contestant must wear a Coast Guard approved personal flotation device at take-off.

13. All boats will be inspected at launch time. All contestants must start from and return to their launch sites. Teams not checking in after a day's fishing may be disqualified for that day.

14. Once the tournament has begun, all contestants are prohibited from fishing or further practice except during designated fishing hours. All fishing must be done from a tournament inspected boat.

15. Contestants who leave earlier than their assigned flight time may be disqualified for that day. Contestants who return later than their assigned flight time **will** be disqualified for that day.

16. All teams are subject to inspection during the tournament; patrol boats may come alongside and conduct inspections at any time. No other boats may come in contact with contestants boats. **NO** fishing information may be given to contestants during tournament hours by tournament or non-tournament anglers.

17. CB, marine radios or cell phones are allowed for lockage and emergency use **ONLY**. Any transmission of information via any communicative device concerning any aspect of fishing, is prohibited during the tournament.

18. In the event of a thunderstorm, lightning and severe weather, contestants may pull into the nearest shoreline until it is safe to continue fishing. Contestants may not leave their boats during tournament hours except if nature calls or at the official weigh-in station.

19. The minimum and maximum length will be set by the tournament director in accordance with applicable state laws. In any event, **NO FISH UNDER 15"** MAY BE BROUGHT TO THE SCALES! If a "short" fish is presented for weigh-in, the biggest eligible fish weighed that day will be disqualified. If a **state or local law** is violated by bringing a "short" or "long" fish to the scale, the team will be **disqualified** from the tournament.

20. Teams will be allowed to weigh a maximum of **5** fish - walleyes, saugers, saugeyes - per boat (team) per day at each tournament unless contrary to respective state limitations. No dead fish may be released. A deduction of .20 will be taken for each non-releasable fish weighed.

#### Prizes and Entry

21. All prizes will be awarded by total team weight, with the exception of the heaviest fish prize, which will be awarded at the conclusion of the tournament. At least one team member must accompany the catch to the scale. Each team will receive a copy of their scale ticket when the team weighs in. The scale ticket is to be initialed by one of the team members.

22. In case of a tie, positions shall be determined by the weight of the teams Big Fish. Only walleye, sauger and saugeye will be weighed. Minimum sizes and limits will be announced at each event. The longest straight line of measure will be used to determine length. The official ruler will be the "Judge". If any contestant brings one more than the specified tournament daily limit to the scale, the entire catch will be **disqualified** for the day.

23. Entry fee refunds will be made only if proper notification is made to the tournament director two weeks preceding the tournament. In all cases, a \$50 assessment will be made for cancellations. All checks will be made payable to both partners.

**BE SURE TO SIGN THE RELEASE LIABILITY FORM ON THE BACK OF THIS SHEET**

**RELEASE OF LIABILITY:  
READ CAREFULLY BEFORE SIGNING!**

I acknowledge that I am **VOLUNTARILY** participating in the tournament.

I am aware that my participation in the tournament listed on my entry form creates the risk of my serious personal injury or death. My participation could also lead to loss or damage to my personal property. I expressly agree to assume all risk of injury and death and loss of personal property which may result from my participation in these Fishing Tournaments. In exchange for being permitted to participate in the tournament, I hereby **RELEASE AND DISCHARGE** the tournament's organizer and the tournament sponsors, their officers, directors, agents, employees and legal representatives (the "Released Parties") from any and all liability for any injury, damage or other loss sustained by me which may arise from my participation in the above tournament, including, but not limited to, any claim I or my heirs may have for loss, personal injury or casualty of any kind, injuries, damages or other loss sustained by me, caused by the negligence or strict liability of the Released Parties. I do not release the Released Parties from liability for willful or intentional misconduct. I expressly recognize that loss of property, injury, or death could arise from (1) the fishing and boating activities contemplated by the tournament. (2) the fact that competition rules contemplate that some participants will fish in boats belonging to OTHER participants in the contest. (3) the fact that the risk normally encountered in open water fishing from a boat may be enhanced by the exposure to the elements and other risks inherent in outdoors competition. I warrant that I am in good physical and mental health and am physically capable of withstanding the rigors and requirements of professional level fishing competition.

**I have read the release of liability and participant agreement carefully and understand all of its terms and conditions. I sign up voluntarily and without any reservations. This waiver replaces any previous release.**

**Protest and Waiver**

27. A partner change constitutes a new team. However, if both original partners drop out prior to the tournament, their team will be replaced with an alternate team.

28. Any team has a right to protest another team. The protest must be filed in writing with the tournament director no later than one-half hour (30 minutes) after the close of the day's tournament fishing hours. A three (3) man protest committee shall be appointed by the Tournament Director prior to the tournament and will convene to hear both sides of any protest. A polygraph may be utilized if so decided by the protest committee. The decision of the protest committee shall be final in all cases. A \$150 protest fee must accompany each written protest. The fee will be returned if the protest is found valid. If the protest is valid, the disqualified party must pay all investigative costs, including the polygraph. If the protest is invalid the fee will not be returned and the protesting team must pay all investigative costs including the polygraph.

29. The W.A.T., its officers and employees, promoters, tournament directors, sponsors and organizations assisting in the tournament operation, their agencies, etc. are not responsible for deaths, injuries, damage, liability, theft, fire or any loss of any kind to entrants. Each entrant, upon signing an entry form, will be signing a waiver form.

30. Disqualification from the tournament for any reason will result in forfeiture of entry fee.

31. The W.A.T. Executive Director's ruling will be the final decision in any rules interpretation. All rules have "loopholes". In the interest of good sportsmanship, contestants are reminded that the "spirit of the rule" will prevail in all judgment cases.

**Invasive Species**

32. Aquatic Invasive species can crowd out native plants and animals and threaten the quality of boating and fishing in the waters we love. Boaters and anglers can help prevent the spread of these aquatic hitchhikers: **Inspect** and **remove** aquatic plants, animals, and mud from your boat, trailer, and equipment before leaving the water access. **Drain** water from your boat and equipment (including live wells and bait containers) before leaving the water access. **Dispose** of unwanted bait in the trash. **Spray/rinse** your boat and equipment with hot and/or high pressure water, especially if moored for more than a day, or **Dry** your boat and equipment for at least 5 days. Wisconsin Statutes prohibit launching a boat, boat trailer, or boating equipment if there are any aquatic plants or zebra mussels attached.

**W.A.T. Team of the Year Award**

There will be \$5.00 taken out of every entry fee at every tournament that will go to the Team of the Year Award. Each team will get 10 show points for each tournament, plus their total place points of each tournament. If the same 2-person team participates in all four W.A.T. events in 2012, that team will be awarded 30 Loyalty Bonus Points. At the end of the season the team with the most points will be designated Team of the Year! The Team of the Year and The Runner-Up will receive a Free Cabela's Certificate to the National Team Walleye Championship.

**CABELA'S NTC Qualifying Spots**

To qualify for Cabela's NTC spots the same team must fish in all four W.A.T. regular season qualifiers.

*A change of partner designates a new team*
